

B 60/10 C eco!

Simple yet effective floor cleaning.
Greater productivity, maintenance free auto mop.

B 60/10 eco!

Filling the gap in floor scrubbing

The Kärcher B 60/10 eco! auto mop is in a unique category of cleaning equipment designed to fill the gap between a mop and bucket and an autoscrubber; this machine cleans more effectively than a mop and bucket and less expensive than an autoscrubber.

The B 60/10 operates by dispensing clean solution on the floor and picking it up via a manually-powered pump. No power source is needed, making this an easy and green cleaning solution to cleaning floors.

Detail configuration

Compact areas that require a mop for detail work.

Bathrooms • Locker rooms • Kitchens
Classrooms • Vet clinics

Productivity configuration

Large areas with smaller detail work required.

Cafeterias • Entry ways • Classrooms
Spills • Hallways • Wrestling mats

Hygienic configuration

Ideal for areas where hygiene is of utmost importance.

Patient rooms • Retirement homes
Gymnasiums

Simple yet effective.

1 Water is gravity fed from solution tank.

2 Water spreads into scrubbing area and is recovered by mechanical pump.

3 Drive wheel operates pump as machine is moved.

4 Dirty water is pulled through recovery hose and collected in recovery bucket.

5 Reclaimed water is kept separate from clean water promoting a cleaner hygienic process.
