

THE VC 5 MAKES THE DIFFERENCE WITH CLEVER TECHNOLOGY.

Device dimensions:  
Length: 182 mm  
Width: 261 mm  
Height: 621 mm

Patented triple-telescopic system makes changing the height of the device fast and easy.

An innovative bagless filter system with removable filter box and integrated filter cleaning makes emptying the filter fast and easy.

High-performance floor nozzle with special base geometry and flexible joint for excellent cleaning results, an optimum ability to get under furniture and high manoeuvrability. Squeegees can remove even the most stubborn stuck hairs.

A magnetic parking position enables reliable and compact storage of the device as well as easy transport.

The VC 5 is the mini powerhouse among vacuum cleaners. All components are perfectly matched to one another, so that, despite its compact dimensions, it cleans just as thoroughly as a large vacuum cleaner. The main source of the VC 5's excellent suction power is the unique high-performance nozzle, which generates maximum power even though the energy requirement for the vacuum cleaner is low. This claim is proven by an excellent ErP label.

# SMALL AND POWERFUL: THE VC 5 IS A COMBINATION OF THE BEST MODERN FEATURES.

The VC 5 ensures perfect cleaning results on hard surfaces, carpet, upholstered furniture, in crevices and on sensitive surfaces. And thanks to its high manoeuvrability and optimum ability to get under furniture, it can go anywhere.

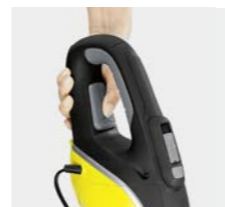

“Finally, I no longer have to drag along the vacuum cleaner when vacuuming, and it doesn't get stuck anywhere.”

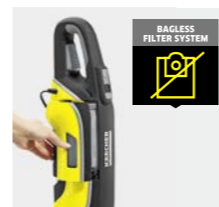

## This vacuum cleaner is perfect, even in the smallest of homes.

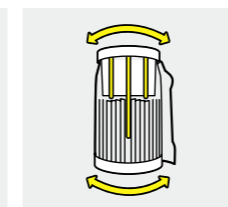

The VC 5 is the perfect vacuum cleaner for any consumer who does not have much storage space to spare, but does not want to sacrifice strong suction power. Using its patented telescopic handle, it can be reduced to half its size in no time at all and can be quickly stowed away in compact spaces after use.

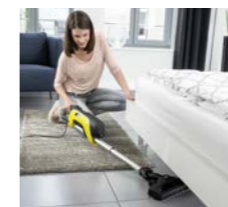

**Central telescoping button**  
For quickly collapsing the device and stowing it away in a compact space after use.

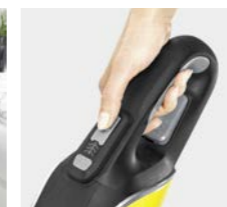

**Bagless filter system**  
Quickly removable filter box with embedded main and long-life filter spares you the costs of purchasing expensive filter bags.

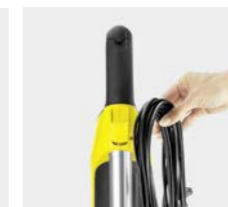

**Integrated filter cleaning**  
Automatic filter cleaning when the filter cover is opened.

**High-tech joint system**  
Great at manoeuvring under furniture and around obstacles, thanks to the 90-degree inclination angle.

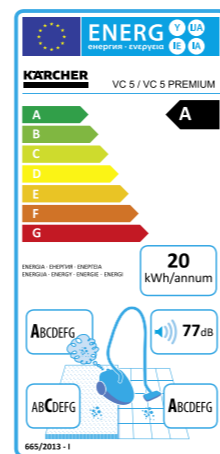

**Adjustable suction power**  
Individually adjustable for convenient vacuuming on various surfaces.

**Cable hook**  
Cable can be stowed neatly thanks to the practical hook.

# PRACTICAL ACCESSORIES FOR VERSATILE APPLICATIONS.

## VC 5

- Energy efficiency class A
- Bagless filter system with integrated filter cleaning
- Magnetic parking position

## VC 5 Premium

- Energy efficiency class A
- Bagless filter system with integrated filter cleaning
- Includes 3 accessory nozzles for a variety of applications
