

KÄRCHER

makes a difference

SPECIAL OFFERS FROM THE CLEANING EXPERTS.

PROFESSIONAL | 2017 PROMOTION

Valid from January 1ST until March 31ST 2017

INTRODUCING EASY!FORCE

The smartest way to handle pressure.

Only one thing should come between you and your cleaning task: our new EASY!Force trigger gun. It gives you the power to use high pressure with ease. The revolutionary operating concept of the EASY!Force trigger gun uses the recoil force of the high-pressure jet and reduces the holding force for the trigger to zero. Absolutely zero. Designed for effortless, ergonomic and stress-free use.

EASY!Force is compatible with all Kärcher pressure washers*, offering a new dimension in control and ergonomics, letting you clean effortlessly and with less stress, so you can focus on getting the job done.

Visit www.karcher.co.uk/easyforce to find out more.

ZERO FORCE. FULL POWER.

COLD WATER PRESSURE WASHER

HD 6/13 C Plus

SSP
£ 499.00

- High performance pressure washer with a 590 l/h flow rate and 130 bar pressure, ideal for daily cleaning jobs
- Anti-topple; simply operate flat instead of upright for maximum stability
- Integrated carrying handle on the front of the machine enables easy loading and convenient transportation
- Integrated detergent feed tube
- Automatic pressure relief both protects the components and extends the service life

HOT WATER PRESSURE WASHER

HDS 6/12 C

SSP
£ 1,799.00

- User friendly single phase hot water pressure washer with compact design and small footprint
- 560 l/h flow rate and 120 bar pressure
- ecoefficiency mode saves up to 20% on fuel costs
- Kärcher standard single switch operation, detergent dosing and on-board accessory storage
- 3-year heating coil warranty**

DIESEL-POWERED HOT WATER PRESSURE WASHER

HDS 801 D

SSP
£ 4,499.00

- Mobile hot water pressure washer built on a corrosion resistant tubular steel frame offering all-round protection for components
- 600 l/h flow rate and 140 bar pressure. Perfect for cleaning applications where there is no power supply available
- Ideal for plant hire and construction companies, agricultural applications and local councils

*up to 300 bar, adapter may be required **3-year heating coil warranty is subject to use of RM 110 (when required) and regular service of the machine.

STEAM CLEANER SG 4/4 (240V & 110V)

- Hygienic cleaning without the need for chemicals; protects both the operator and the surfaces treated from aggressive cleaning agents.
- Certified to kill 99.999%* of bacteria without the need for chemicals
- Continuously refillable tank prevents work interruptions by allowing non-stop cleaning
- VapoHydro function allows the steam level to be adjusted to the cleaning task. Both steam pressure and saturation level can be adjusted from full steam to hot water. With the hot water jet, even stubborn dirt can be effectively dissolved

WHAT IS ICAPSOL TECHNOLOGY?

THE PROBLEM:

Deep carpet cleaning can be very exhausting and extremely time-consuming work. Deep carpet cleaning employs a wet cleaning method, using a mixture of water and detergent to penetrate deep into the pile of carpet. This mixture then has to be rinsed, traditionally resulting in long drying times. With rinsing so laborious and drying times so long, the correct process is often not adhered to – however shortcuts here result in faster re-soiling, unsightly carpets and short carpet lifespan – costing the customer both unnecessary time and money.

THE SOLUTION:

Kärcher iCapsol technology is a low dosage, polymer-based, water soluble detergent that can absorb dirt particles. After a short drying time, the water evaporates and dirt encapsulated crystals are left on the fibres – these can easily be vacuumed away using an upright brush vacuum. This simple method allows an intermediate carpet clean to be carried out in approximately 30-45 minutes, depending on the amount of soiling.

iCapsol technology is ideal for hotels, restaurants and offices, as such short cleaning and drying times are required in these heavily-frequented areas.

CARPET CLEANER

BRC 30/15 C

- Constant roller brush pressure, provides agitation and revives carpet pile
- Integrated 15 litre clean and 17 litre dirty water tanks
- Compact for easy and convenient storage

SSP
£ **1,727.00**

WALK-BEHIND BATTERY-POWERED SWEEPER
