

BDP 51/1500 C 1500 RPM Floor Burnisher

BDP 51/1500 C Floor Burnisher

Quickly ensures outstanding shine.

Extra horsepower at your fingertips will achieve a “wet look” high gloss shine with lightning-fast speed and minimal effort. A 1.5 HP rectified DC motor matched to a flexible pad driver is particularly effective on irregular floor surfaces, producing dazzling results, every time. This motor is totally enclosed from dust contamination and will last for years. The fixed handle allowing operators to apply additional pressure for mark and scuff removal is fully height adjustable from a standing position, no bending or fancy foot work required. Unlike competitor poly or stamped metal frames, the BDP 51/1500 C is high quality cast aluminum frame better suited to heavy duty commercial cleaning operations.

Model	Order #
BDP 51/1500 C 20" 1500 RPM burnisher	9.840-470.0
