

# BR 30/4 C Upright Automatic Floor Scrubber

# BR 30/4 C Upright Scrubber

## Innovative alternative to manual cleaning.

Throw out your old mop and bucket! This compact automatic floor scrubber will leave your floors, clean, sanitary, dry and dazzling in far less time than the old-fashioned “pushing dirty water around” way. A perfect remedy for smaller areas where a full sized automatic scrubber cannot be utilized for reasons of physical size and cost. Kitchens, locker rooms, washrooms, restaurants, stores and offices, the possibilities are endless with a BR 30/4 C. Simply fill the machine with clean solution, plug into any standard 120V wall outlet, turn on the switch and start scrubbing. A powerful roller brush aggressively scrubs the surface, dirty water is recovered by the squeegee tool and deposited into a lift-out tank for easy disposal down any sink, toilet or drain. Ask your Kärcher Dealer for a demonstration.

Model	Order #
BR 30/4 12" Cylindrical brush scrubber	1.783-221.0
