

BR 35/12 C Bp 14" Walk-Behind Battery Scrubber

BR 35/12 C Bp Walk Behind Scrubber

Agile, lightweight, quiet.

Kärcher has introduced a new steering concept KART (Kärcher Advanced Response Technology) in its new compact BR 35/12 C walk-behind scrubber. KART provides outstanding maneuverability, as the unique steering wheel directly controls the machine's brush head. The roller brush head of the new BR 35/12 C Bp is an outstanding technical innovation that can be horizontally rotated 200° in both directions around the steering axle making it perfect for tight corners. The new lithium-ion battery has triple the service life, it is maintenance-free and quick to recharge. The eco!efficiency mode reduces energy consumption, increases the running time and the noise level is lowered by approximately 40% making it perfect for operation in noise sensitive areas like hospitals or nursing homes.

Model	Order #
BR 35/12 C Bp with lithium-ion battery	1.783-454.0

Technical Data	
Cleaning width	14"
Maximum area of performance	15,070 ft ² per hour
Tank fresh/dirty water	3.17 gallons /3.17 gallons
Working width (brushes)	14"
Working width (vacuum)	17"
Power rating	500 W
Cleaning brush speed	700-1500 RPM
Weight	77 lbs
Dimensions (l x w x h)	17.7" x 39.4" x 51.1"

Standard Equipment	
Standard red roller brush	4.037-031.0
Squeegee blade assembly	4.037-034.0
Transparent squeegee blades	4.037-035.0
Lithium-ion battery 25.2 Volt, 21 AH	6.654-294.0
On-board battery charger 24 Volt, 10 AH	6.654-003.0

Applications

- Small shops
- Contract cleaners
- Hotels
- Schools
- Showrooms
- Retail stores
- Car dealerships
- Healthcare
- Food service industry
- Convenience stores

Machine Features

- 200° rotatable brush head with KART technology
- Fresh water tank/Dirty water tank
- Straight squeegee
- Roller brush head
- Folding handle
- Eco!Efficiency mode
- Transport wheels

Optional Accessories
