

KÄRCHER

makes a difference

HIGH WORKING-EFFICIENCY.

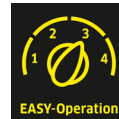

The VERY GOOD PRICE- PERFORMANCE RATIO SCRUBBER.

BD 43/25 C Bp

Fulfills all basic customer needs at a highly competitive price.

The compact size of the BD 43/25 C Bp with a 17" disc head provides a good overview and makes it very agile. The user-friendly Easy operation panel is intuitive and makes operator training easy and fast. By having fewer parts, having simple reliable electronics and having them easily accessible, service operations are simplified and service costs are lower. The attractive price comes without compromising the performance.

1 Robust and durable control elements

- Ideal for a daily usage.
- One large handle to easily change the squeegee. One person operation.

2 EASY Operational Panel

- 3 cleaning programs, quick and easy to understand. Less training.
- Single line display (battery and operating hours).
- Manual fresh water setting. Ergonomically positioned, simple and reliable volume setting.

3 Dual tank system

- Good overview of the brush deck.
- Dirt water tank is removable.
- Direct access to the battery compartment.

4 Reliable fresh water setting as a key for a good cleaning result.

- Large fresh water filling for a secure and comfortable filling of the fresh water tank, even with a bucket.
- Fresh water level indicator can be seen quickly for an optimized planning of the available amount of water.
- Fresh water drain for a quick and easy emptying of fresh water tank.

Technical Data and Equipment.

BD 43/25 C Bp

- = ■ AGM or Wet batteries
- = ■ compact scrubber
- = ■ With disc brush
