B 60 W Bp Floor Scrubber

It's just easy. And much more secure.

Kärcher's NEW and improved B 60 W Bp walk behind floor scrubber with a new slim line design and choice of 22" or 26" roller brush with integrated presweep or 22" or 26" disc head. The B 60 W Bp has numerous new features: standardized operation panel, home base concept, improved brush head suspension, low noise vacuum motor, improved brush head pedal for easier lifting/lowering of the brush head, ergonomic positioned squeegee lever, onboard charger, integrated maintenance interval indicator and the KIK (Kärcher Intelligent Key) System allows managers and service technicians access to functions that operators do not need. The operator simply inserts the key and starts cleaning, everything is preset no adjustments needed, saving time, money and aggravation.
