

# NT 48/1 High Performance Wet/Dry Vacuum

# NT 48/1 Wet/Dry Vacuum

## High quality with economical price

High quality, high performance wet/dry vacuum features a large 12.6 gallon tank with drain hose system, extremely efficient cylindrical dust filter, large rear wheels combined with lockable front swivel casters for outstanding stability. Accessories ride on-board for operator convenience, including a recessed vacuum head for extra tool storage. This vacuum should be used for the suction of non-combustible liquids, fine or coarse dust, wood chips and debris. Ideal for industries such as commercial, automotive, hospitality, construction and manufacturing. Its attractive price can be included in the tightest budget.
