

NT 68/1 Wet Vacuum with Squeegee Attachment

NT 68/1 Wet Vacuum

Squeegee attachment for large area fluid recovery.

The NT 68/1 Squeegee Wet Vacuum is innovatively designed to make it the fastest and easiest way to pickup and dump water, ideal for cleaning hospitals, government facilities, office buildings and schools. The main feature of the NT 68/1 is a 24.5" front-mounted squeegee offering more efficient water pickup, while its unique tank design allows the entire contents to be dumped without tipping. The NT 68/1 also features a large 18 gallon tank, a 1.8 HP vacuum motor with a powerful 70" of water lift, a caged cylinder float shut off, 50' power cord, heavy duty 4" front swivel casters, large 9.5" rear transport wheels and on-board accessories.
