

Home Cleaning and Garden Care

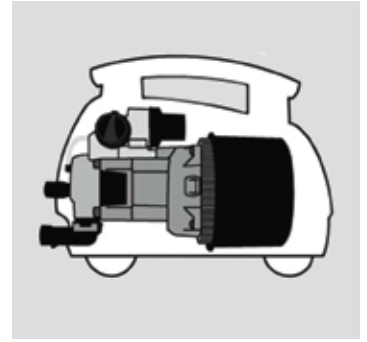

Membersih kediaman dan penjagaan laman

Home Cleaning is so easy • Membersih kediaman lebih mudah

Kärcher high pressure cleaner provides 40 times more pressure than normal garden hose, and use about 80% less water, removing stubborn dirt, algae and incrustation within seconds.

Pembersih tekanan tinggi Kärcher memberikan tekanan lebih 40 kali ganda daripada hos biasa dan menjimatkan 80% penggunaan air berbanding hos biasa. Ia menanggalkan kotoran degil, alga dan lapisan permukaan keras dengan mudah.

50% more power

The rotating high-pressure jet combines the power of pencil jet with the area coverage of a fan jet, dislodging even stubborn dirt.

Gentle cleaning

Various surfaces can be cleaned effectively yet gently with the Kärcher wash brush.

All within reach

The innovative vario power jet short 360° overcomes the barrier of cleaning in difficult to reach areas.

Long service life

The state-of-the-art induction motor is more durable than carbon motor, providing a long service life.

Multipurpose Wet & Dry Vacuum Cleaners • Pembersih hampagas serbaguna untuk basah & kering

Kärcher new multi-purpose vacuums could vacuum up regardless of whether it is dry, wet, coarse or fine dirt. The new generation of vacuums shine with its improved convenience of use and numerous new ideas for working efficiently, e.g., automatic filter cleaning, flat pleated filter, a larger container and more vacuum power. Kärcher guarantees the right machine for every need.

Pembersih hampagas pelbagai guna Kärcher bukan sahaja menyedut kotoran kering malahan menyedut permukaan lembap, kotoran halus dan kasar. Generasi baru pembersih hampagas Kärcher tiada tandingannya dan mudah digunakan. Dengan ciri-ciri baru seperti pembersih penapis automatik, bekas yang besar serta sedutan yang lebih berkuasa. Pembersih hampagas Kärcher dijamin menepati semua keperluan anda.

Blown away

The practical blower function can be used wherever vacuuming is not possible. e.g. leaves can be blown out of a gravel pit.

Float system

A reliable float system stops the suction when liquid reaches its maximum capacity.

No changing filter

The special material used in the Kärcher casket filter allows both wet and dry cleaning without changing the filter.

Easy to open

With the Kärcher "Pull & Push" locking system, the tank can be opened and closed easily.
