

KÄRCHER

makes a difference

POWERFUL, RELIABLE SINGLE-MOTOR VACUUMS.

Reliable, durable, serviceable upright vacuums.

PROFESSIONAL | CV 30/1 & CV 38/1

The most durable single-motor upright vacuums in their class.

High-suction, low handle weight uprights are extremely easy to use and non-fatiguing. A powerful 1.5 HP motor provides impressive suction performance with 101 cubic feet per minute (CFM) and 76 inches of water lift. Patented features include filter removal system for dust-free bag changes and unique clutch to protect from expensive brush head repairs. On-board crevice and upholstery tools, extension wand and flexible hose for effortless above the floor cleaning in hard to reach areas. Optional HEPA filter for those requiring extremely high dust filtration capabilities.

Reliability

- Bag-full and check brush indicators are mechanical for even greater reliability.

Serviceability

- Tool-free power cord change.
- All electronics located in the base of unit, eliminating wear on swivels and connectors, improving reliability and serviceability.

Extremely Quiet

- Daytime cleaning and operation in noise-sensitive areas possible with the low noise level of 67 dB(A).

Technical Specifications and Order Numbers.

CV 30/1

CV 38/1

- Flat-to-floor feature allows for easy cleaning under furniture.
- Corrugated suction hose easy to remove.
- Innovative, patented centrifugal coupling to protect the entire brush head against overload.
