

# KÄRCHER

makes a difference

## 34" WALK-BEHIND SWEEPER

Compact, maneuverable and ruggedly built.

# KM 85/50 W BP Adv

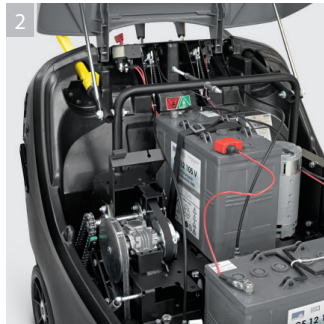

## Compact, maneuverable and ruggedly built.

The KM 85/50 W was designed to yield ride-on productivity at a walk-behind size and price. Our battery version is ideal for indoor facilities where there is a mixture of congested areas and open spaces such as aisles. An ideal choice for locations where a rider sweeper is too big, but available walk-behind choices are too small.

### 1 Efficient filter system

- L 22.6 f<sup>2</sup> filter area.
- L Manual filter cleaning system.
- L Washable polyester filter.

### 2 Two-wall rotating frame

- L Robust and corrosion-free.

### 3 Traction drive

- L Intuitive operation.
- L With optional reverse gear.

### 4 Waste pick-up and emptying

- L Efficient sweeping thanks to large working width.
- L Also sweeps wet surfaces.
- L 13 gallon container for continuous working.
- L Net capacity up to 100%.
- L Short disposal times.
- L Easy removal thanks to rollers and recessed grips.

# Technical data and equipment.

## KM 85/50 W Bp Adv

- 34" cleaning path
- Forward traction drive
- Low weight and low noise level operation
