

KÄRCHER

makes a difference

PREVENTION IS THE BEST MEDICINE.

Portable, high efficiency disinfection mister.

PROFESSIONAL | PS 4/7 BP MISTER

PS 4/7 Bp Mister

Prevention is the best medicine.

Achieve a higher level of efficacy with the new Kärcher PS 4/7 Bp. This hospital-grade misting system is specifically designed for use with Vital Oxide® disinfectant. Reduce the risks of Health Care Acquired Infections by killing virus, bacteria and mold faster, safer and quieter.

1 The next level of clean

Misting provides higher efficacy by improving coverage more efficiently and effectively than spray wipe methods and wipes. It delivers disinfectant into the numerous hard to reach corners and crevices in every facility that wipe methods can't reach.

2 Safe and easy operation

The Kärcher PS 4/7 Bp mister's ergonomic design and simple controls reduce operator fatigue and cleaning errors. The result is a complete and consistent coverage of Vital Oxide®. Vital Oxide® carries the safest EPA toxicity rating (4) and requires no PPE. HMIS is 0 in all quadrants.

3 Whisper quiet

Use the Kärcher mister anywhere, anytime. The efficient pump and power supply are specifically designed to provide operation without disturbing people around you. The no fragrance formula of Vital Oxide is virtually undetectable even when spraying large areas.

4 Portable

Rechargeable 12-volt system easily provides a full 18 hours of use. A 3 hour recharge time ensures the unit gets back into service quickly.

5 Maneuverability

A small foot print and low center of gravity allows the mister to easily glide on 4 swivel caster wheels. Rubber wheels keep the transportation quiet and easy roll over tile floors and thresholds. The narrow design makes it ideal for travel through aisles experienced on planes, busses, trains and other tight areas.

6 A complete non-rinse disinfection system

The Kärcher PS 4/7 Bp mister provides precise coverage and consistency of Vital Oxide® - no adjustments needed.

7 Ideal for high risk areas

- Hospitals and clinics.
- Nursing homes.
- Schools.
- Day care facilities.
- Transportation.

Vital Oxide® hospital disinfectant

- No rinse sanitizer for food contact surfaces (D2).
- Kills harmful bacteria, mold and mildew, deodorizes and eliminates allergens.
- Registered as a carpet disinfectant and recognized by CRI to be safe on carpets.
- EPA Reg. No. 82972-1 EPA Est. No. 85804-NC-1 EPA Est. No. 29909-CA-1 (See batch code for actual (establishment number)
- Represented in Canada by Halifax International Trading Inc. S1394 Pineway Court, Oakville Ontario L6M 2H3 (DIN 24422654)
