

Are you a true Kärcher type?

I like to
laze around

I want to use my passion
to get things done

The difference is you. Because exceptional solutions require exceptional people. We are looking for committed and dedicated people for our Service team in the London area.

Field Service Engineer (based within postcode area UB/HA/TW/KT/WD)

Kärcher (U.K.) Ltd are looking for a **Field Service Engineer** who will be responsible for the service and repair of the full range of Kärcher Industrial cleaning equipment. You will have previous experience in a field service engineering role, preferably within the cleaning industry and formal mechanical/electrical qualifications.

The key areas of responsibility for the **Field Service Engineer** will be to service and repair our cleaning equipment, complete the relevant reports on site via our CRM tool, promote and sell maintenance contracts/Kärcher accessories and to liaise with customers and schedulers.

We are looking for an enthusiastic and well-organised individual who has proven skills in fault-finding, diagnosing and resolving technical problems. You will deal directly with customers and attend a variety of different sites, therefore a DBS check will be required to be carried out on the successful candidate.

This is an area-based, full-time position (Monday to Friday) with flexibility to work outside the Company's core hours. All engineers are asked to work occasional weekends and Bank Holidays as part of a response team, by means of a rota system. You must be resident within one of the postcode areas detailed above.

Kärcher able to offer a competitive benefits package, career development and the Company will be relocating to brand new, purpose-built premises during 2016, within Banbury

Please send your application, to include a CV and a covering letter, to recruitment@karcher.co.uk for the attention of **Jo Wheeler, HR Advisor** or call 01295 752162 for further details.
